If you are the “Home” player, share with your opponent the secret key that is randomly generated in Step 3c so they can join your game. When your opponent joins your game, the program will launch automatically.

If you are the “Away” player, scroll down the page until you find your opponent’s name. When you find them, click “Play”

Once you have clicked play, a window will pop up asking for a password. Ask your opponent for the Secret Key. Enter the secret key in and press ok.

Enter Secret Key Here

You're ready to go!

It is Best of 11 so the first person to win 6 legs, wins. Once the game is complete, the “Home” player listed in the fixture is responsible for sending through the result. If no result is sent through, it will be recorded as an 6-0 loss.
